

SMART PEOPLE. SMARTER SOLUTIONS.

For every victory won and enemy diverted, for every new discovery and unprecedented success, there stands a team. Ready to do what must be done. Willing to try when others failed. And able to find the solution.

At AGT, we pride ourselves on being just such a team. With six locations in four states, we're uniquely positioned to provide leading-edge manufacturing and subject matter expertise for a variety of commercial, aerospace and defense applications.

QUALITY RUNS DEEP

Our award winning performance includes some of the highest accolades from NASA, the U.S. Department of Defense, the U.S. Army, U.S. Navy, U.S. Marine Corps, U.S. Air Force, and many Fortune 500 corporations. Yet as welcome as these honors are, our real satisfaction comes from partnering with you to consistently, reliably and unequivocally achieve lasting success. Our status as a HUBZone SDB Native-American owned 8(a) charter business fulfills a unique set of federal requirements.

OUR BUSINESS? SOLVING THE UNSOLVABLE

Complex industries call for sophisticated systems. That's why the world leaders in aerospace, defense, manufacturing, engineering, specialized science and other advanced technologies depend on AGT for strategies, service and solutions that work. For some, that means putting our staff on the ground to manage day to day operations and elevate the quality of routine operational tasks. For others, it's creating innovative products and tactical procedures to manage some of the most challenging conditions in aerospace, commerce, experimental technology and even combat. Regardless of what we're asked to do, the real difference is how we get the job done.

SERVICES AND PRODUCTS DEFYING CATEGORIZATION

In many ways, our business is as varied and far-reaching as the clients we serve. Our products include best-in-class IED detection robotics, electronic warfare simulators, wiring harnesses, flexible fuel and water tanks, and handheld radar simulators. In addition, on any given day, AGT staff is mobilized to handle:

INDUSTRY LEADING PRODUCTS

MARCBot robotic IED detection devices

Flexible fuel and water tanks

Warfare simulators

Commercial and military wiring harnesses

Specialized mechanical and electrical design

Custom manufacturing, fabrication and installation

WORLD CLASS SERVICES

Logistics and product support

Systems engineering and integration

Operations support

Facilities support

Manufacturing

Fabrication

FLEXIBLE BLADDER TANKS

ROBOTICS

WIRING HARNESSES

OUTSTANDING QUALITY

Our list of certifications, quality improvements and commitment to workplace innovation is unmatched in the industry. In addition to ISO 9001:2008 and AS9100 registrations, our production facilities meet or exceed MIL-I-45208, MIL-Q-9858A, J-STD soldering, TS 16949, ISO 14001 (Environmental), ANSI/NCSS Z540-1994-1, and MIL STD 45662A Standard certification. AGT is an Audited and Approved Vendor (Nuclear Utilities Procurement Committee). We are fully compliant with all applicable Federal, State, local and client-initiated regulations, requirements and guidelines.
